DETAILED ACTION

Allowable Subject Matter

1. Claims 1-14 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: claim 1 recites, inter alia, "a conductive chassis functioning as a ground potential of the driving circuit; wherein the circuit board is fixed to the conductive chassis via a conductive member, and wherein a soft metal is disposed at a joint section between the conductive chassis and the conductive member."

Applicant's arguments based on the above limitations overcome the rejections indicated in the office action mailed on 09/25/06.

Claims 2-14 variously depending from claim 1 are allowable for the same reasons.

Conclusion

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
